Kuegel did a staff assessment to see who was at risk or had any childcare issues. Also assessed who could telework from home. Reviewed what tasks that staff would need to leave the office for. Assessed what critical task need to be done and what staff member could do those and the equipment they would need. Closed off community rooms and provided cleaning wipes in the laundry rooms for machines. Noticed all tenants on the changes and numbers they could call if they have any questions or needs. Rural Development (RD) certs and interns are priority as there is no flexibility from RD on those. Water/Waste operations-identified who our primary operators are and the backup.
